

## 1992

Art Burgess had personally lent the Camp \$2,065.00 to cover expenses while acting as Treasurer. This was returned to him by the new Treasurer, Willis Ball, when funds were available from dues.

Main Sleeping Cabin

The roof on the Main Sleeping Cabin was re-shingled and debris disposed of in May 1992 by Tim Inkster, Al Glover, Dennis Pettit, Jim Steele, Glen Noble and Rob Haddow.

The 17 foot Coleman canoe had been stolen and an insurance claim was made. The insurance company paid \$300.00 for the loss on August 6<sup>th</sup>, 1992.

Work had begun to create better drainage around the boathouse to reduce the damage to the supports caused during freezing & thawing. This large project would take a number of years and gallons of sweat to complete.

Construction of the shower house was authorized and the work was undertaken June of 1994.

The changes in the Board positions in 1991 worked out well. The load was spread out and all went well. Communications between members has always been the most difficult thing but few problems have been a direct result of this.

Al Glover donated a microwave oven to the Camp.
